Section 2.01 Recorded Subdivision map of the Property. The plat ("Plat") of the subdivision dedicates for use as such, subject to the limitations as set forth therein, the roads, streets and easements shown thereon. The Plat further establishes certain restrictions applicable to the Property. All dedications, restrictions and reservations created herein or shown on the Plat, replats or amendments of the Plat of the Subdivision recorded or hereafter recorded shall be construed as being included in each contract, deed, or conveyance executed or to be executed by or on behalf of Developer, conveying said Property or any part thereof whether specifically referred to therein or not.

Section 2.02 Easements. Developer reserves for public use the utility easements shown on the Plat or that have been or hereafter may be created by separate instrument recorded in the Real Property Records of Wilson County, Texas, for the purpose of constructing, maintaining and repairing a system or systems of electric lighting, electric power, telegraph and telephone line or lines, storm surface drainage, cable television, or any other utility the Developer sees fit to install in, across and/or under the Property. All utility easements in the Subdivision may be used for the construction of drainage swales in order to provide for improved surface drainage of the Reserves, Common Area and/or Tracts. Any utility company serving the Subdivision shall have the right to enter upon any utility easement for the purpose of installation, repair and maintenance of their respective facilities. It is expressly agreed and understood that the title conveyed by developer to any of the Tracts by contract deed or other conveyance shall be subject to any easement affecting same for roadways or drainage, electric lighting, electric power, telegraph or telephone purposes and other easements hereafter granted affecting the Tracts. The Owners of the respective Tracts shall not be deemed to own pipes, wires, conduits or other service lines running through their Tracts which are utilized for or service other Tracts, but each Owner shall have an easement in and to the aforesaid facilities as shall be necessary for the use, maintenance and enjoyment of his Tract. The Developer may convey title to said easements to the public, a public utility company or the Association.

Section 2.04 Utility Easements.

(a) Utility easements have been dedicated in accordance with the Plat.

(b) No building shall be located over, under, upon or across any portion of any utility easement. The Owner of each Tract shall have the right to construct, keep and maintain concrete drives, fences, and similar improvements across any utility easement, and shall be entitled to cross such easements at all times for purposes of gaining access to and from such Tracts, provided, however, any concrete drive, fence or similar improvement placed upon such Utility Easement by the Owner shall be constructed, maintained and used at Owner's risk and, as such, the Owner of each Tract subject to said Utility Easements shall be responsible for (i) any and all repairs to the concrete drives, fences and similar improvements which cross or are located upon such Utility Easements and (ii) repairing any damage to said improvements caused by the Utility District or any public utility in the course of installing, operating, maintaining, repairing, or removing its facilities located within the Utility Easements.

ARTICLE III

USE RESTRICTIONS

Section 3.01 Single Family Residential Construction. No building shall be erected, altered, placed or permitted to remain on any tract other than one dwelling unit per each tract to be used for residential purposes except that one guest/servants house may be built provided said guest/servants house must contain a minimum of 500 square feet and be built after or while the main dwelling is being built and be approved by the Architectural Control Committee. Detached garages, work shops, and barns may be constructed on the property prior to the main dwelling being built, so long as they are of good construction, kept in good repair, and are not used for residential purposes. (i) All dwellings, detached garages, work shop, and barns must be approved in writing by the Architectural Control Committee prior to being erected, altered or placed on the property, except for buildings that will be constructed on "Reserve A" which are to be used only to house firefighting equipment and which are exempt from Architectural Control Committee approval. The term "dwelling" does not include single or double wide manufacture homes, and said manufactured homes are not permitted within Section I of the subdivision. All dwellings must have at least 1400 square feet of living area, excluding porches, and be built with new construction material. Any building, structure or improvement commenced on any tract shall be completed as to exterior finish and appearance within six (6) months from the commencement date. Pre-fabricated or pre-built homes from another location may be moved onto the property with the approval of the Architectural Control Committee. (ii) Prior to the construction of a dwelling, a camper or recreation vehicle may be kept on the property for no longer than 14 consecutive days out of a 30 day period. During the construction of a dwelling a camper or recreation vehicle may be kept on the property for up to six (6) months, so long as said camper or recreation vehicle is hooked up to an approved septic system. The above stated period may not be extended without the express written consent of the Architectural Control Committee. As used herein, the term "residential purposes" shall be construed to prohibit mobile homes or trailers being placed on said Tracts, or the use of said Tracts for duplex houses, condominiums, townhouses, or apartment houses.

Section 3.02 Composite Building Site. Any Owner of one or more adjoining Tracts (or portions thereof) may, with the prior written approval of the Architectural Control Committee, consolidate such Tracts or portions into one building site, with the privilege of placing or constructing improvements on such resulting site, in which case the side set-back lines shall be measured from the resulting side property lines rather than from the Tract lines as indicated to the Plat.

Section 3.03 Location of the Improvements upon the Tract. No building of any kind shall be located on any tract nearer than 20 feet to the side or rear property line, or nearer than 50 feet to any public road and no nearer to the natural creek waterway as may be indicated on the Plat; provided, however, as to any tract, Architectural Control Committee may waive or alter any such setback line if, the Architectural Control Committee in the exercise of the Architectural Control Committee sole discretion, such waiver, or alteration is necessary to permit effective utilization of a tract. Any such waiver or alteration must be in writing and recorded in the Deed of Records of Wilson County, Texas. All dwellings placed on Subject Property must be equipped with septic tank or other sewage disposal system meeting all applicable laws, rules, standards and specifications, and all such dwellings must be served with water and electricity.

Section 3.04 Use of Temporary Structures. No structure of a temporary character, whether trailer, basement, tent, shack, garage, barn or other outbuilding shall be maintained or used on any Tract at any time as a residence, either temporarily or permanently, except as permitted in section 3.01. However, that Developer reserves the exclusive right to erect, place and maintain such facilities in or upon any portion of the Subdivision as in its sole discretion may be necessary or convenient while selling Tracts, selling or constructing residences and constructing other improvements within the Subdivision.

Section 3.05 Walls and Fences. Walls and fences, if any, must be approved prior to construction by the Architectural Control Committee and shall be not closer to front street property lines than the tract boundary line and no closer than the tract boundary line to side street lines. Electric or barbed wire shall be permitted.

Section 3.06 Prohibition of Offensive Activities. No Activity, whether for profit or not, shall be conducted on any tract which is not related to single family residential purposes, unless said activity meets the following criteria: (a) no additional exterior sign of activity is present, (b) it is the type of action that usually

happens in a home, (c) no additional traffic, that would not be there normally, is created, (d) the entity or activity maintains an office or place of business elsewhere, and (e) nothing dangerous is present that shouldn't be there. This restriction is waived in regard to the customary sales activities required to sell homes in the Subdivision. The discharge or use of firearms is expressly prohibited. The Association shall have the sole and absolute discretion to determine what constitutes a nuisance or annoyance.

Section 3.07 Garbage and Trash Disposal. Garbage and trash or other refuse accumulated in this Subdivision shall not be permitted to be dumped at any place upon adjoining land where a nuisance to any residence of this Subdivision is or may be created. No tract shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be allowed to accumulate, shall be kept in sanitary containers and shall be disposed of regularly. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. No burning will be permitted on any tract unless said tract has a central water tap or has made arrangements for a water truck or fire trucks to be available during burning.

Section 3.08 Junked Motor Vehicles Prohibited. No Tract shall be used as a depository for abandoned or junked motor vehicles. No junk of any kind or character, or dilapidated structure or building of any kind or character, shall be kept on any tract.

Section 3.09 Signs. No signs, advertisement, billboards or advertising structure of any kind may be erected or maintained on any Tract without the consent in writing of the Architectural Control Committee, except one (1) professionally made sign not more than forty-eight inches (48") square, advertising an Owner's Tract for sale or rent, and one (1) professionally made sign, not more than twelve inches (12") wide by twenty-four inches (24") long identifying the tract owner's name or names. Declarant or any member of such Committee shall have the right to remove any such sign, advertisement or billboard or structure which is placed on any Tract in violation of these restrictions, and in doing so, shall not be liable, and are hereby expressly relieved from, any liability for trespass or other form in connection therewith, or arising from such removal.

Section 3.10 Animal Husbandry. No animals, livestock or poultry of any kind shall be raised, bred or kept on any Tract except that horses, cows, and goats may be kept, as long as the maximum number of the above stated animals does not exceed five (5) per tract and does not become a nuisance or threat to other Owners. Provided, however, animals being raised for 4-H school sponsored programs will be permitted. No pigs or hogs will be permitted under any circumstances or programs. All horses, cows and 4-H animals being raised by individual tract owners must be kept in a fenced area on the owners tract. Dogs, cats, or other common household pets may be kept on a tract. Dogs must be kept in a kennel, dog run, or fenced in area that confines said dog(s) to that area. Dogs will not be permitted to run loose in the subdivision and must be vaccinated for rabies according to State law once a year and registered with Wilson County once a year.

Section 3.11 Mineral Development. No commercial oil drilling, oil development operations, oil refining, quarrying or mining operation of any kind shall be permitted upon or in any Tract. No derrick or other structures designed for the use of boring for oil or natural gas shall be erected, maintained or permitted upon any Tract.

Section 3.12 Drainage. Natural established drainage patterns of streets, tracts or roadway ditches will not be impaired by any person or persons. Driveway culverts must be installed and will be of sufficient size to afford proper drainage of ditches without backing water up into ditch or diverting flow. Drainage culvert installation is subject to the inspection and approval of the Architectural Control Committee and to County requirements.

In the event of the failure of Owner to comply with the above requirements after ten (10) days written notice thereof, the Association or their designated agents may, without liability to the Owner, Contractor or any occupants of the Tract in trespass or otherwise, enter upon (and/or authorize one or more others to enter upon) said Tract, cause to be removed, such garbage, trash and rubbish or do any other thing necessary to secure compliance with this Declaration. Payment for the charges shall be payable on the first day of the next calendar month.

ARTICLE IV

ARCHITECTURAL CONTROL COMMITTEE

Section 4.01 Basic Control.

(a) No building or other improvements of any character shall be erected or placed, or the erection or placing thereof commenced or changes made in the design or exterior appearance thereof (excluding, without limitation, painting, staining or siding), or any addition or exterior alteration made thereto after

original construction, or demolition or destruction by voluntary action made thereto after original constructed, on any Tract in the Subdivision until the obtaining of the necessary approval (as hereinafter provided) from the Committee of the construction plans and specification for the construction or alteration of such improvements or demolition or destruction of existing improvements by voluntary action. Approval shall be granted or withheld based on matters of compliance with the provisions of this instrument.

(b) Each application made to the Committee shall be accompanied by two sets of plans and specifications for all proposed construction (initial or alteration) to be done on such Tract, including plot plans showing location on the tract.

Section 4.02 Architectural Control Committee.

(a) The authority to grant or withhold architectural control approval as referred to above is initially vested in the Developer; provided, however, the authority of the Developer shall cease and terminate upon the election of the Architectural Control Committee of the Association (sometimes herein referred to as the "Committee"), in which event such authority shall be vested in and exercised by the Committee (as provided in (b) below), hereinafter referred to, except as to plans and specifications and plot plans theretofore submitted to the Developer which shall continue to exercise such authority over all such plans, specifications and plot plans. The term "Committee", as used in this Declaration, shall mean or refer to the Developer or to The Estates at Eagle Creek Architectural Control Committee composed of members of the Association, as applicable.

(b) At such time as Fifty-one percent (51%) of all of the Tracts in the Subdivision and in all other future sections of The Estates at Eagle Creek (as platted, from time to time hereafter referred to as the "Control Transfer Date"), the Developer shall cause an instrument transferring control to the Association to be placed of record in the Real Property Records of Wilson County, Texas (which instrument shall include the Control Transfer Date). Thereupon, the Association shall elect a committee of three (3) members to be known as The Estates at Eagle Creek Architectural Control Committee. From and after the Control Transfer Date, each member of the Committee must be an Owner of property in some Section of The Estates at Eagle Creek Subdivision. Additionally, the Developer shall have the right to discontinue the exercise of architectural control privileges and arrange for the transfer to the Association at any time prior to the Control Transfer Date by filing a statement and instrument to such effect in the Real Property Records of Wilson County, Texas.

Section 4.03 Effect of Inaction. Approval or disapproval as to architectural control matters as set forth in the preceding provisions of this Declaration shall be in writing. In the event that the authority exercising the prerogative of approval or disapproval (whether the Developer or the Committee) fails to approve or disapprove in writing any plans and specifications and plot plans received by it in compliance with the preceding provisions within thirty (30) days following such submissions, such plans and specifications and plot plan shall be deemed approved and the construction of any such building and other improvements may be commenced and proceeded with in compliance with all such plans and specifications and plot plan and all of the other terms and provisions hereof.

Section 4.04 Effect of Approval. The granting of the aforesaid approval (whether in writing or by lapse of time) shall constitute only an expression of opinion by the Committee that the terms and provisions hereof shall be complied with if the building and/or other improvements are erected in accordance with said plans and specifications and plot plan; and such approval shall not constitute any nature of waiver or estoppel either as to the persons expressing such approval or any other person in the event that such building and/or improvements are not constructed in accordance with such plans and specifications and plot plan, but, nevertheless, fail to comply with the provisions hereof. Further, no person exercising any prerogative of approval or disapproval shall incur any liability by reasons of the good faith exercise thereof.

Section 4.05 Variance. The Developer or the Committee, as the case may be, may authorize variances from compliance with any of the provisions of this Declaration or minimum acceptable construction standards or regulations and requirements as promulgated from time to time by the Developer or the Committee, when circumstances such as topography, natural obstructions, Tract configuration, Tract size, hardship, aesthetic or environmental considerations may require a variance. The Developer and the Committee reserve the right to grant variances as to building set-back lines, minimum square footage of the residence and other items. Such variances must be evidenced in writing and shall become effective when signed by the Developer or by at least a majority of the members of the Committee. If any such variances are granted, no violation of the provisions of this Declaration shall be deemed to have occurred with respect to the matter for which the variance is granted; provided, however, that the granting of a variance shall not operate to waive any of the provisions of this Declaration for any purpose except as to the particular property and particular provisions hereof covered by the variance, nor shall the granting of any variance effect in any way the Owner's obligation to comply with all governmental laws and regulations affecting the property concerned and the Plat.

ARTICLE V

THE ESTATES AT EAGLE CREEK PROPERTY OWNERS ASSOCIATION

Section 5.01 Membership. Every person or entity who is a record owner of any Tract which is subject to the Maintenance charge (or could be following the withdrawal of an exemption therefrom) and other assessments provided herein, including contract sellers, shall be a "Member" of the Association. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation or those having only an interest in the mineral estate. No Owner shall have more than one membership for each Tract owned by such Member. Memberships shall be appurtenant to and may not be separated from the ownership of the Tracts. Regardless of the number of persons who may own a Tract (such as husband and wife, or joint tenants, etc.) there shall be but one membership for each Tract. Additionally, the Directors of the Association shall also be Members of the Association (as more particularly described in the By-laws). Ownership of the Tracts shall be the sole qualification for membership. The voting rights of the Members are set forth in the Bylaws of the Association.

Section 5.02 Non-Profit Corporation. The Estates at Eagle Creek Property Owners Association, Inc., a non-profit corporation, has been (or will be) organized and it shall be governed by the Articles of Incorporation and Bylaws of said Association; and all duties, obligations, benefits, liens and rights hereunder in favor of the Association shall vest in said corporation.

Section 5.03 Bylaws. The Association has adopted or may adopt whatever Bylaws it may choose to govern the organization or operation of the Subdivision and the use and enjoyment of the Tracts and Common Areas, provided that the same are not in conflict with the terms and provisions hereof.

Section 5.04 Owner's Right of Enjoyment. Every Owner shall have a beneficial interest of use and enjoyment in and to the Common Areas and such right shall be appurtenant to and shall pass with the title to every assessed Tract, subject to the following provisions:

(a) the right of the Association, with respect to the Common Areas, to limit the number of guests of Owners;

(b) the right of the Association, in accordance with its Articles and Bylaws (and until 51% of all tracts in the Subdivision are sold, subject to the prior written approval of the Developer), to (i) borrow money for the purpose of improving and maintaining the Common Areas and facilities (including borrowing from the Developer or any entity affiliated with the Developer) and (ii) mortgage said property, however, the rights of such mortgagee of said property shall be subordinate to the rights of the Owners hereunder;

(c) the right of the Association to suspend the Member's voting rights and the Member's and "Related Users" (as hereinafter defined) right to use any recreational facilities within the Common Areas during any period in which the Maintenance Charge or any assessment against his Tract remains unpaid;

(d) the right of the Association to suspend the Member's voting rights and the Member's and Related Users' right to use any recreational facilities within the Common Area, after notice and hearing by the Board of Directors, for the infraction or violation by such Member or Related Users of this Declaration or the "Rules and Regulations", as hereinafter defined, which suspension shall continue for the duration of such infraction or violation, plus a period not to exceed sixty (60) days following the cessation or curing of such infraction or violation; and

ARTICLE VI

MAINTENANCE FUND

Section 6.01 Maintenance Fund Obligation. Each Owner of a tract by acceptance of a deed therefor, whether or not it shall be expressed in any such deed or other conveyance, is deemed to covenant and agrees to pay to the Association a monthly maintenance charge (the "Maintenance Charge"), and any other assessments or charges hereby levied. The Maintenance Charge and any other assessments or charges hereby levied, together with such interest thereon and costs of collection thereof, as hereinafter provided, shall be a charge on the Tracts and shall be a continuing lien upon the property against which each such Maintenance Charge and other charges and assessments are made.

Section 6.02 Basis of the Maintenance Charge.

(a) The Maintenance Charge referred to shall be used to create a fund to be known as the "Maintenance Fund", which shall be used as herein provided; and each such Maintenance Charge (except as otherwise

hereinafter provided) shall be paid by the Owner of each Tract (or residential building site) to the Association. The Maintenance Charge for the year of purchase shall be pro-rated at closing and then shall be paid annually, in advance, on or before the first day of the first month of each calendar year. Provided, however such owner owns more than one tract in the subdivision, such Owner shall pay only twice the assessment of one (1) tract no matter how many tracts are owned or in the event as Owner obtains consent from the Committee for a Composite Building site pursuant to Section 3.02 hereof, such Composite Building Site shall be considered for the Maintenance Charge of one Tract for beginning upon the completion of the improvements thereon.

(b) Any Maintenance Charge not paid within thirty (30) days after the due date shall bear interest from the due date at the lesser of (i) the rate of eighteen percent (18%) per annum or (ii) the maximum rate permitted by law. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the hereinafter described lien against the Owner's Tract. No Owner may waive or otherwise escape liability for the Maintenance Charge by non-use of any Common Areas or recreational facilities available for use by Owners of the Subdivision or by the abandonment of his Tract.

(c) The exact amount of the Maintenance Charge applicable to each Tract will be determined by the Developer. All other matters relating to the Maintenance Charge and the collection, expenditures and administration of the Maintenance Fund shall be determined by the Developer or the Board of Directors of the Association, subject to the provision hereof.

(d) The Association, from and after the Control Transfer Date, shall have the further right at any time, with a majority vote of all association members, to adjust or alter said Maintenance Charge from year to year as it deems proper to meet the reasonable operation expenses and reserve requirements of the Association in order for the Association to carry out its duties hereunder.

Section 6.03 Creation of Lien and Personal Obligation. In order to secure the payment of the Maintenance Charge, and other charges and assessments hereby levied, a vendor's (purchase money) lien for the benefit of the Association, shall be and is hereby reserved in the deed from the Developer to the purchaser of each Tract or portion thereof, which lien shall be enforceable through appropriate judicial and non-judicial proceedings by the Association. As additional security for the payment of the Maintenance Charge and other charges and assessments hereby levied, each Owner of a Tract in the Subdivision, by such party's acceptance of a deed thereto, hereby grants to the Association a contractual lien on such Tract which may be foreclosed on by non-judicial foreclosure and pursuant to the provisions of Section 51.002 of the Texas Property Code (and any successor statute); and each such owner hereby expressly grants the Association a power of sale in connection therewith. The Association shall, whenever it proceeds with non-judicial foreclosure pursuant to the provisions of said Section 51.002 of the Texas Property Code and said power of sale, designate in writing a Trustee to post or cause to be posted all required notices of such foreclosure sale and to conduct such foreclosure sale. The Trustee may be changed at any time and from time to time by the Association by means of written instrument executed by the President or any Vice-President of the Association and file for record in the Real Property Records of Wilson County, Texas. In the event that the Association has determined to non-judicially foreclose the lien provided herein pursuant to the provisions of said Section 51.002 of the Texas Property Code and to exercise the power of sale hereby granted, the Association shall mail to the defaulting Owner a copy of the Notice of Trustee's Sale not less than twenty-one (21) days prior to the date on which said sale is scheduled by posting such notice through the U.S. Postal Service, postage prepaid, certified, return receipt requested, properly addressed to such Owner at the last known address of such Owner according to the records of the Association. If required by law, the Association or Trustee shall also cause a copy of the Notice of Trustee's Sale to be recorded in the Real Property Records of Wilson County, Texas. Out of the proceeds of such sale, if any, there shall first be paid all expenses incurred by the Association in connection with such default, including reasonable attorney's fees and a reasonable trustee's fee; second, from such proceeds there shall be paid to the Association an amount equal to the amount in default; and third, the remaining balance shall be paid to such Owner. Following any such foreclosure, each occupant of any such Tract foreclosed on and each occupant of any improvements thereon shall be deemed to be a tenant at sufferance and may be removed from possession by any and all lawful means, including a judgement for possession in an action of forcible detainer and the issuance of a writ of restitution thereunder.

In the event of non-payment by any Owner of any Maintenance Charge or other charge or assessment levied hereunder, the Association may, in addition to foreclosing the lien hereby retained, and exercising the remedies provided herein, upon ten (10) days prior written notice thereof to such nonpaying Owner, exercise all other rights and remedies available at law or in equity. It is the intent of the provisions of this Section 6.03 to comply with the provisions of said Section 51.002 of the Texas Property Code relating to non-judicial sales by power of sale and, in the event of the amendment of said Section 51.002 of the Texas Property code hereafter, the President or any Vice-President of the Association, acting without joinder of any other Owner or mortgagee or other person may, by amendment to this Declaration filed in

the Real Property Records of Wilson County, Texas, amend the provisions hereof so as to comply with said amendments to Section 51.002 of the Texas Property Code.

As provided above, the Developer or the Association to enforce the Maintenance Charge or other charge or assessment levied hereunder, the Association may file a claim or lien against the Tract of the delinquent Owner by recording a notice ("Notice of Lien") setting forth (a) the amount of the claim of delinquency, (b) the interest and costs of collection which have accrued thereon, (c) the legal description and street address of the Tract against which the lien is claimed and (d) the name of the Owner thereof. Such Notice of Lien shall be signed and acknowledged by an officer of the Association or other duly authorized agent of the Association. The lien shall continue until the amounts secured thereby and all subsequently accruing amounts are fully paid or otherwise satisfied. When all amounts claimed under the Notice of Lien and all other costs and assessments which may have accrued subsequent to the filing of the Notice of Lien have been fully paid or satisfied, the Association shall execute and record a notice releasing the lien upon payment by the Owner or a reasonable fee as fixed by the Board of Trustees to cover the preparation and recordation of such release of lien instrument.

Section 6.05 Notice of Lien. In addition to the right of the Association to enforce the Maintenance Charge or other charge or assessment levied hereunder, the Association may file a claim or lien against the Tract of the delinquent Owner by recording a notice ("Notice of Lien") setting forth (a) the amount of the claim of delinquency, (b) the interest and costs of amount of the claim of delinquency, (c) the interest and costs of collection which have accrued thereon, (d) the legal description and street address of the Tract against which the lien is claimed and (e) the name of the Owner thereof. Such Notice of Lien shall be signed and acknowledged by an officer of the Association or other duly authorized agent of the Association. The lien shall continue until the amounts secured thereby and all subsequently accruing amounts are fully paid or otherwise satisfied. When all amounts claimed under the Notice of Lien and all other costs and assessments which may have accrued subsequent to the filing of the Notice of Lien have been fully paid or satisfied, the Association shall execute and record a notice releasing the lien upon payment by the Owner of a reasonable fee as fixed by the Board of Trustees to cover the preparation and recordation of such release of lien instrument.

Section 6.06 Liens Subordinate to Mortgages. The liens described in this Article VI and the superior title herein reserved shall be deemed subordinate to a first lien or other liens of any bank, insurance company, savings and loan association, university, pension and profit sharing trusts or plans, or the bona fide, thirty party lender, including Developer, which may have heretofore or may hereafter lend money in good faith for the purchase or improvement of any Tract and any renewal, extension, rearrangement or refinancing thereof. Each such mortgagee of a mortgage encumbering a Tract who obtains title to such Tract pursuant to the remedies provided in the deed of trust or mortgage or by judicial foreclosure shall take title to the Tract free and clear of any claims for unpaid Maintenance Charges or other charges of assessments against such Tract which accrued prior to the time such holder acquired title to such Tract. No such sale or transfer shall relieve such holding acquiring title to a Tract from liability for any Maintenance Charge or other charges or assessments thereafter becoming due or form the lien thereof. Any other sale or transfer of a Tract shall not affect the Association's lien for Maintenance Charges or other charges or assessments. The Association shall make a good faith effort to give each such mortgagee sixty (60) days advance written notice of the Association's proposed foreclosure of the lien described in Section 6.01 hereof, which notice shall be sent to the nearest office of such mortgagee by prepaid United States registered or Certified mail, return receipt requested, and shall contain a statement of delinquent Maintenance Charges or other charges or assessments upon which the proposed action is based provided, however, the Association's failure to give such notice shall not impair or invalidate any foreclosure conducted by the Association pursuant to the provisions of this Article VI.

Except for the Association's use of the Maintenance Charge to perform its duties described in this Declaration and in the Bylaws, the use of the Maintenance Charge for any of these purposes is permissive and not mandatory. It is understood that the judgement of the Association as to the

expenditure of said funds shall be final and conclusive so long as such judgment is exercised in good faith.

The following property subject to this Declaration shall be exempt from the Maintenance Charge and all other charges and assessments created herein: (a) all properties dedicated to an accepted by a local public authority; (b) the Common Area and; (c) all properties owned by a charitable or nonprofit organization exempt from taxation by the laws of the State of Texas; however, no land or improvements devoted to dwelling use shall be exempt from said Maintenance Charge.

Section 6.09 Handling of Maintenance Charges. The collection and management of the Maintenance Charge or other charge or assessment levied hereunder, shall be performed by the Developer until the control Transfer Date, at which time the Developer shall deliver to the Association all funds on hand together with all books and records of receipt and disbursements. The Developer and, upon transfer, the Association, shall maintain separate special accounts for these funds, and Owners shall be provided at least annually information on the Maintenance Fund.
